Before long, others will start to notice, too, and you'll have choices and decisions that need to be made . Important ones.

YOUR PLAN .

The good news is, you're not alone. There are thousands of women just like you facing unplanned pregnancies. And many who have already taken this journey made an unselfish, loving decision to place their baby for adoption. These women chose adoption because they wanted their child to have a stable, two-parent home filled with love and opportunity.

Did YOU know?

You can choose your child's parents, and if you like, meet them ahead of time.

Did YOU know?

You can request pictures and letters from the adoptive family for up to 18 years.

Did YOU know?

You can receive financial assistance with certain pregnancy-related living expenses when you plan adoption for your child. **There is no cost to you.**

Did YOU know?

We then help you develop a plan for your delivery and hospital stay. You decide how much contact you want with the baby and adoptive parents.

Did YOU know?

Your adoption becomes permanent at a release hearing held several weeks after your child is born.

Call us toll-free today at 1.800.677.2367

for free information on why adoption may be the best choice for you. It could be the most important call you'll ever make ... for you and your baby.
